

## YOUR EVACUATION PLAN

Make a plan; include alternate plans and routes - and practice!  
 Plan should be scalable depending on the number of people available to assist.  
**In the event of a fire contact emergency response and always put human safety above animal safety.**  
 Below are several options which can be adapted to suit your situation.

### BARN WITH STALL DOORS OPEN TO CENTRE AISLE

#### Option 1 - Run out lane from centre aisle

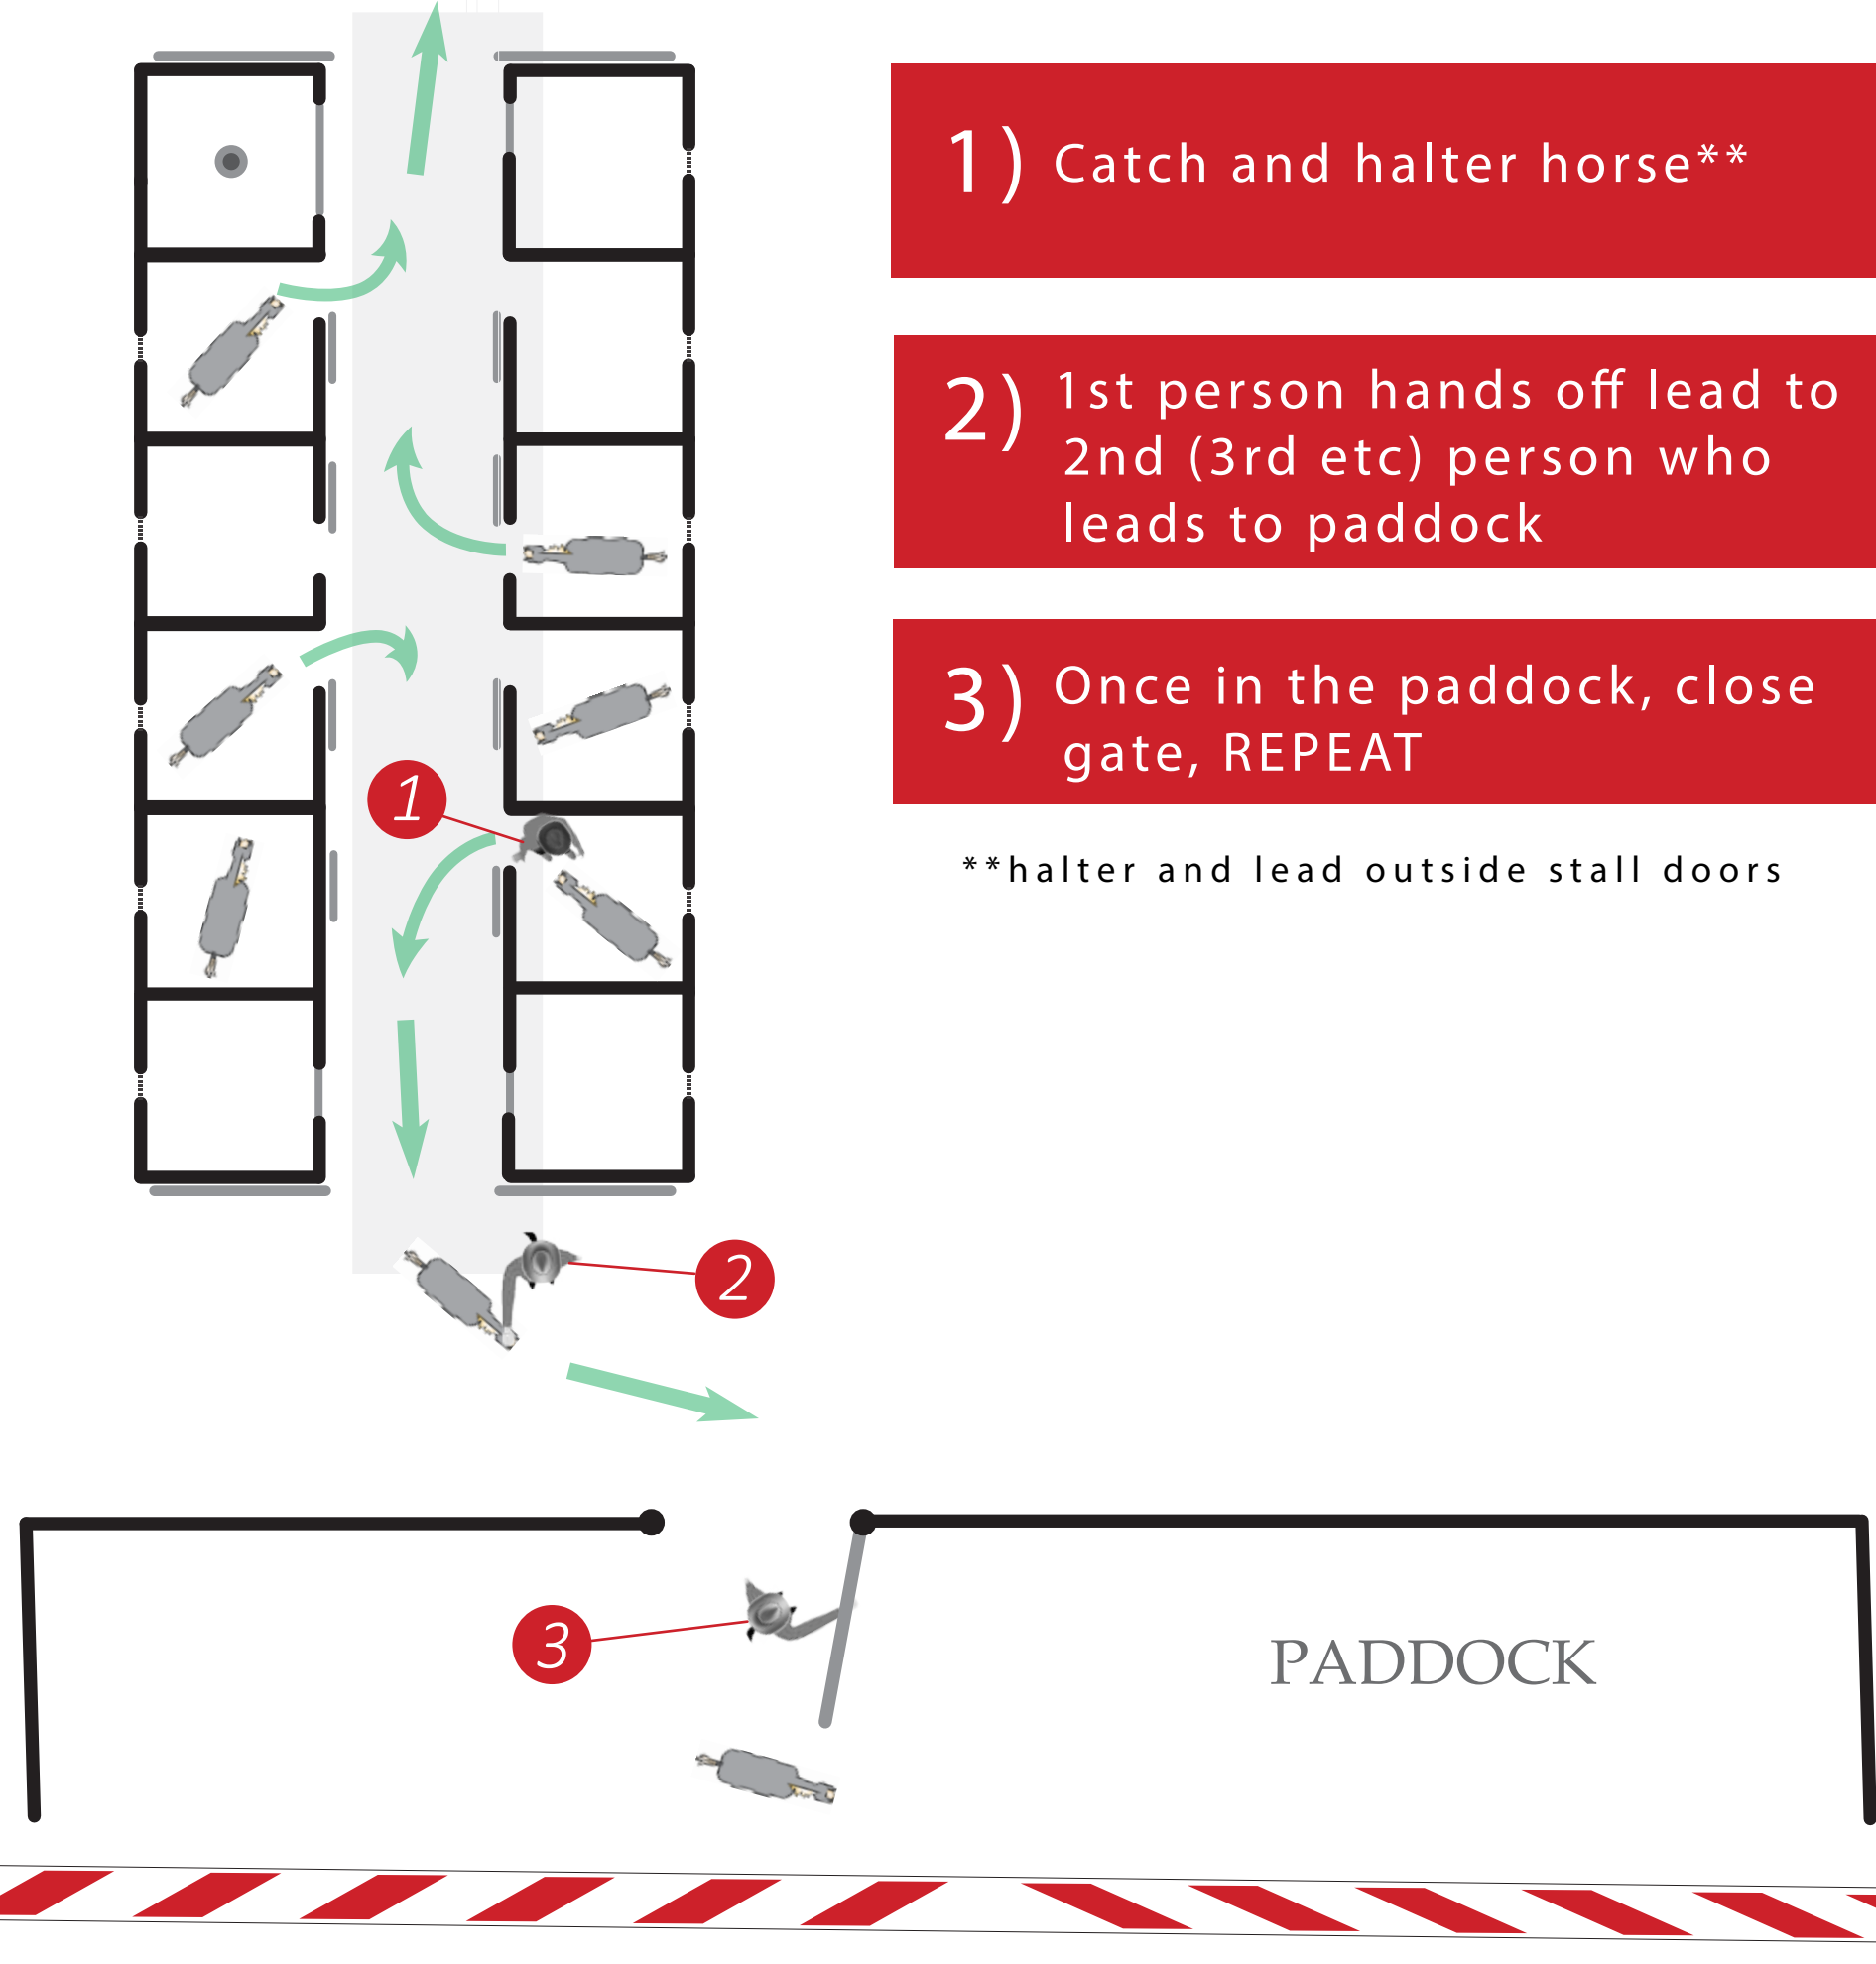

- 1) Open paddock gate
- 2) Have a permanent fence (or a temporary fence or bright rope)
- 3) Close end doors
- 4) Release horses, encourage and give cues to exit the open end door, close end barn door
- 5) Close paddock gate after all horses are inside

### BARN WITH STALL DOORS OPEN TO CENTRE AISLE

#### Option 2 - Leading and handing off to an enclosed paddock\*

\* haltering and leading will be more time consuming vs. letting a horse loose in a controlled manner

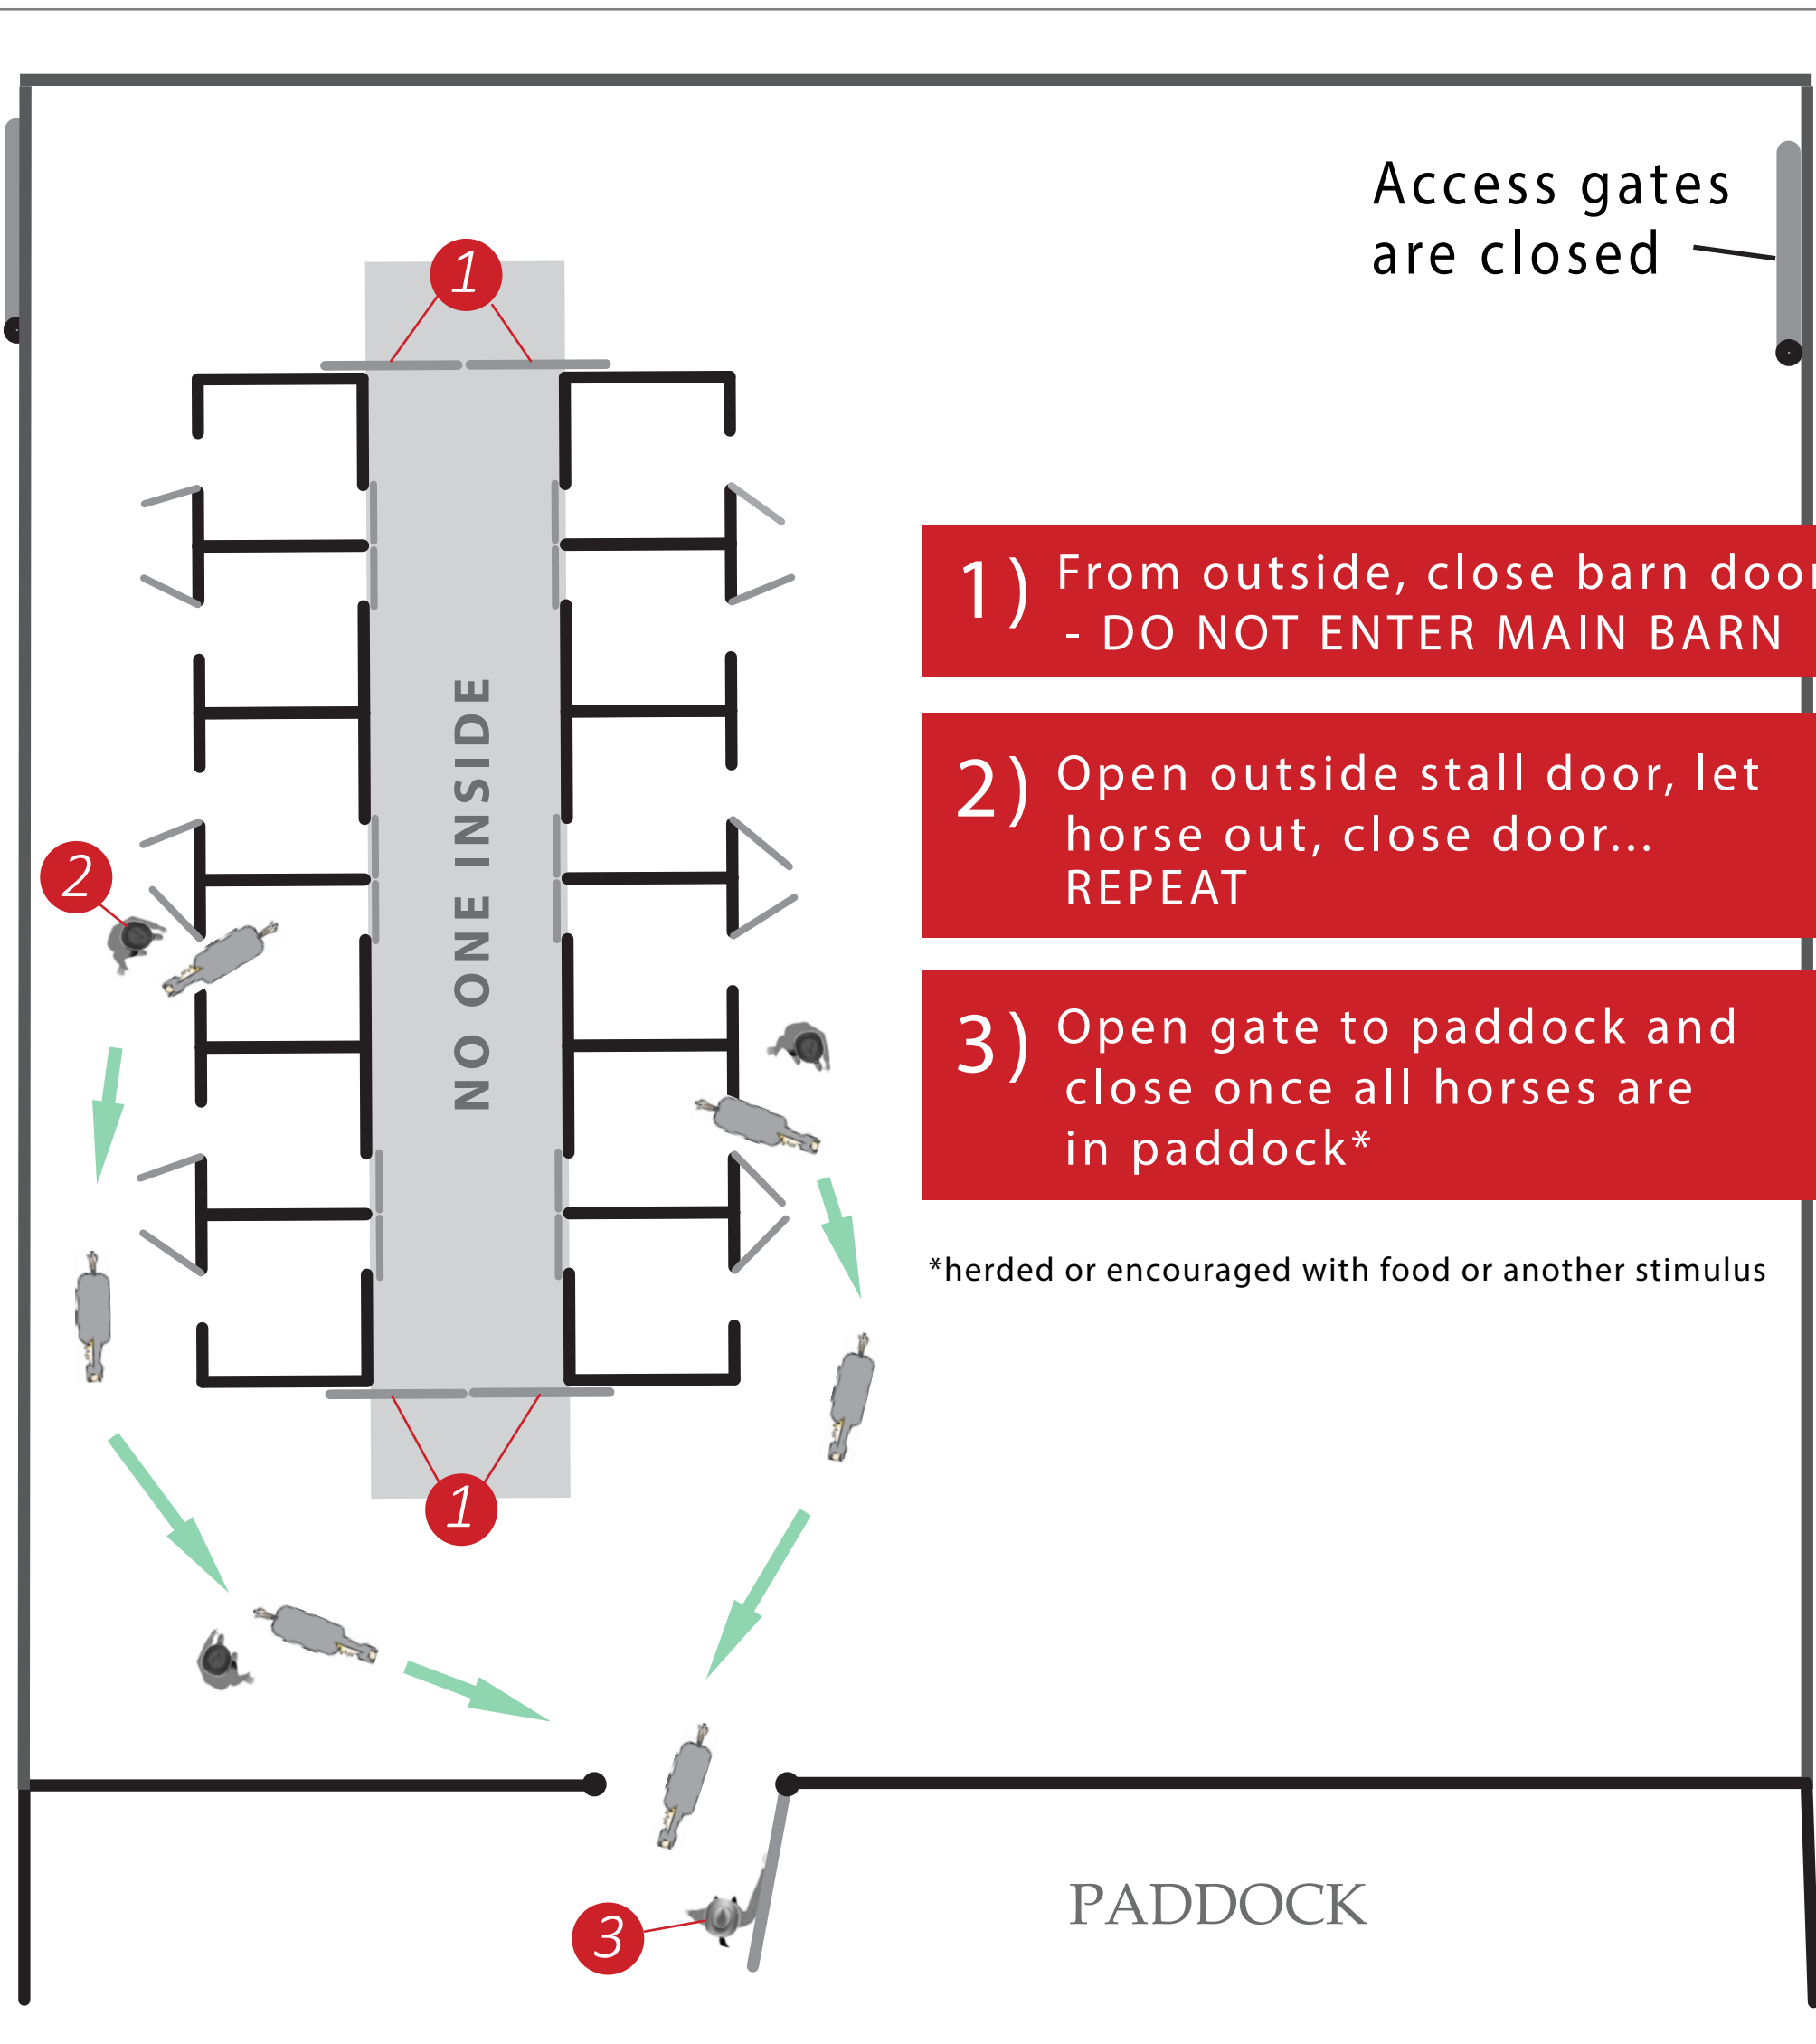

- 1) Catch and halter horse\*\*
- 2) 1st person hands off lead to 2nd (3rd etc) person who leads to paddock
- 3) Once in the paddock, close gate, REPEAT

\*\*halter and lead outside stall doors

### BARN WITH STALL DOORS OPEN TO OUTSIDE

#### Option 1 - Release horses from outer stall doors into enclosed area

- 1) From outside, close barn doors - DO NOT ENTER MAIN BARN
- 2) Open outside stall door, let horse out, close door... REPEAT
- 3) Open gate to paddock and close once all horses are in paddock\*

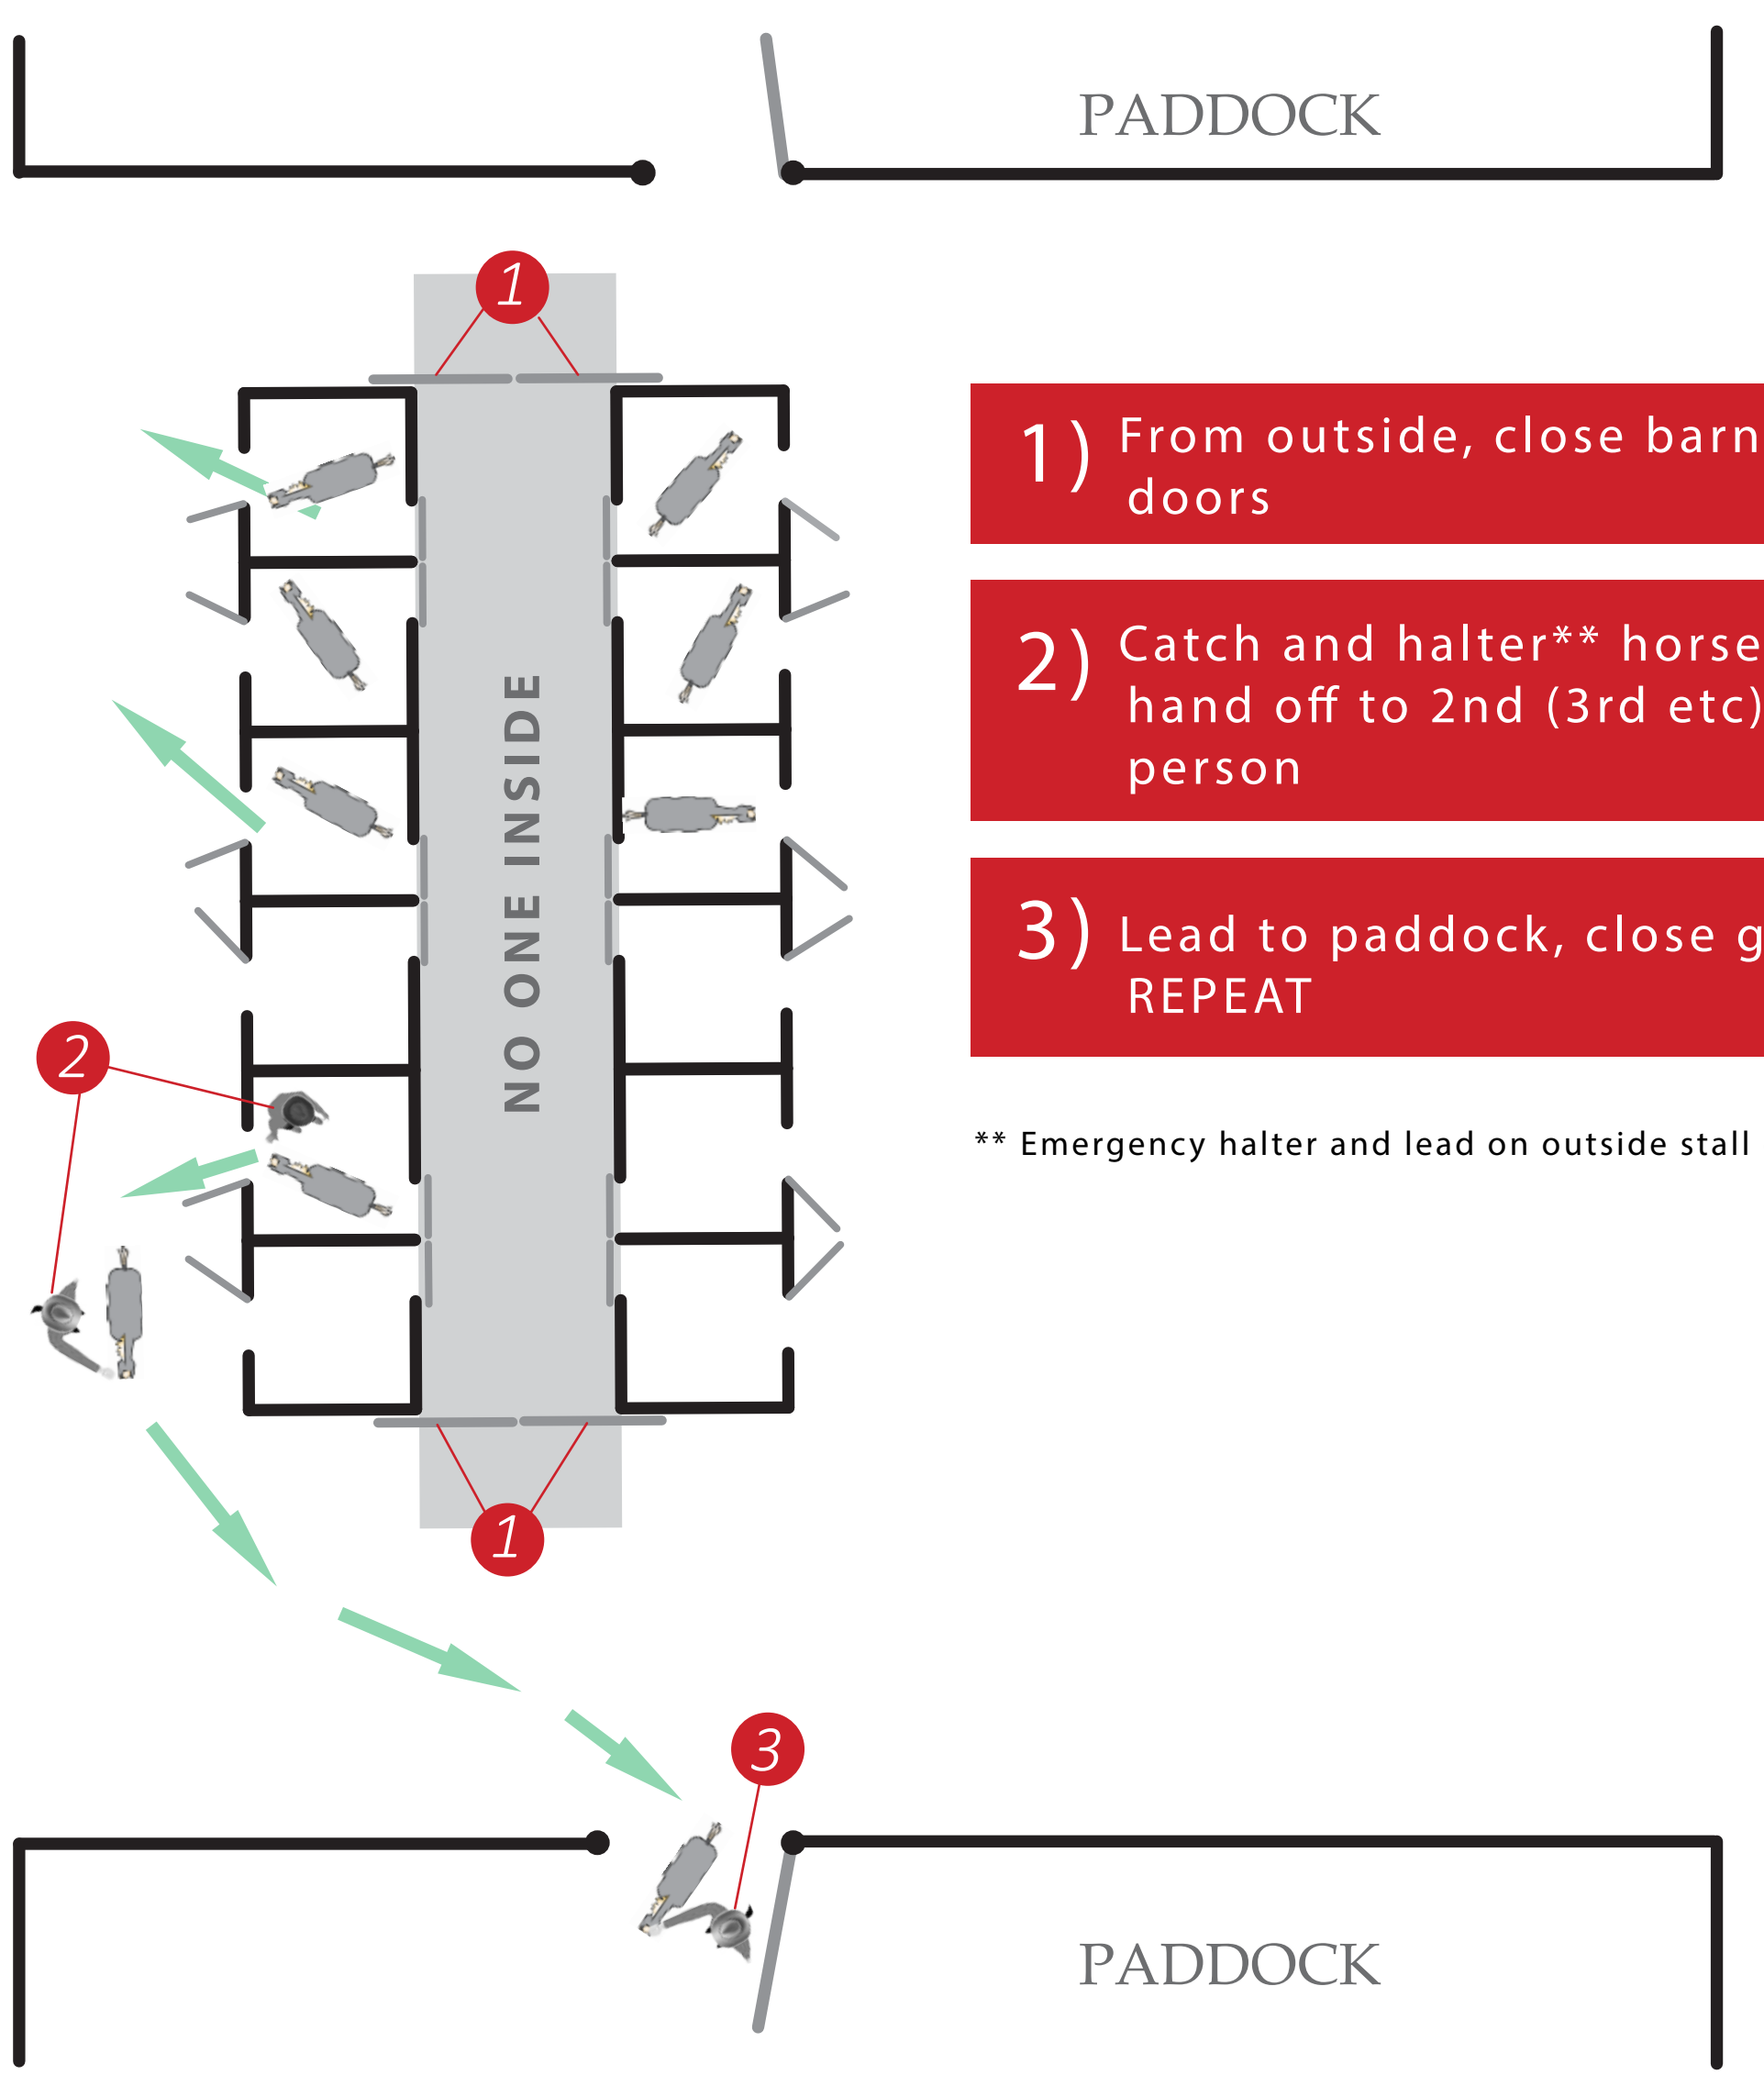

\*herded or encouraged with food or another stimulus

### BARN WITH STALL DOORS OPEN TO OUTSIDE

#### Option 2 - Handing off from outer stall door, leading to enclosed area\*

\* haltering and leading will be more time consuming vs. letting a horse loose in a controlled manner

- 1) From outside, close barn doors
- 2) Catch and halter\*\* horse, hand off to 2nd (3rd etc) person
- 3) Lead to paddock, close gate, REPEAT

\*\* Emergency halter and lead on outside stall doors
